APPLICATION TO CONNECT TO PUBLIC SANITARY SEWER SYSTEM

INSTRUCTIONS

1. Complete the property location, contact, and billing information at the top of the Application.
2. If a plumber/excavator is going to install your sewer connection, provide his name. Please provide an insurance certificate provided by your plumber/excavator with this application. If you plan to do the installation yourself, please indicate this on the Application and provide proof of liability insurance. Please note that you must contact the Township Engineer about inspecting the connection before filling in the trench. Please provide 48 hours of notice for the inspection. The Township Engineer can be contacted at 717-334-9137. There is a packet of material attached (**Building Sewer Construction Specifications and Details**) to assist your plumber/excavator in installing your connection. Please provide this information to them
3. If your property contains a single family home only, check the appropriate box and your total EDUs* will equal 1. Your Tapping Fee will be \$7,794. Skip Steps 4 & 5.
4. If your property contains a single family home and you operate a home based business, check the appropriate boxes and locate the Business Classification for your home base business on **Attachment 1**. Enter the EDUs* associated with your home based business and total them. Calculate the total Tapping Fee based on the total number of EDUs* determined.
5. If your property contains a business only, complete the information under **Commercial Property** using **Attachment 1** to determine the number of EDUs* associated with your business. Calculate the total Tapping Fee based on the total number of EDUs* determined.
6. Sign and Date the Application.
7. Please submit the completed Application and the Tapping Fee to the Township Secretary.
8. Once the Township receives the Application, it will be reviewed by the Township/Township Engineer. If approved, the Township will sign and date the application and return a copy with a Permit number. When you received the signed and numbered application copy, you can proceed with the construction of the connection.

If you have any questions about completing this application, please contact the Township Engineer at 717-334-9137 between 7:30 am and 4:30 pm, Monday thru Friday.

*- An EDU, or Equivalent Dwelling Unit, is defined as a unit of wastewater flow approximately equivalent to the wastewater flow from a single family home or dwelling unit.
