

APPLICATION FOR THE USE OF CLOSE PROXIMITY FIREWORKS

An incomplete application and permit fee is subject to being returned to the applicant without further processing.

- 1. Name/Company: _____ 2. Company Phone: _____
- 3. Mailing address: _____
- 4. Physical address if different from above: _____
- 5. City/State/Zip: _____ 6. F.I.D. (Federal ID Number): _____
- Contact Email Address: _____
- 7. Name and driver's license number of person making application (PRINT): _____
 License Number: _____ State of Issuance: _____

- 8. Of the following, check all circumstances for which application is being made:
 - 8.1. For the use of pyrotechnics in theatrical, musical or similar productions before a proximate audience, performers, or support personnel.
 - 8.2. The indoor use of pyrotechnics.
 - 8.3. The outdoor use of pyrotechnics at distances less than those required by NFPA 1123, Code of Fireworks Display.
 - 8.4. The use of pyrotechnics while videotaping, audio taping, or filming of any television, radio, or movie production where such production takes place before a proximate audience.
 - 8.5. The rehearsal of any production in which pyrotechnics are used.

Note: Any permit issued as a result of this application does not confer approval to use flammable liquids and/or flammable gases in any performance or display. Separate approval must be provided for the use of such materials.

9. Sponsorship (Fill in the blanks).

- 9.1. The use of pyrotechnic materials and/or devices will be sponsored by: _____
- 9.2. The use of pyrotechnics will occur at (provide very specific location by listing address, name of complex or facility, name or building number, etc. Include name of City, County or Town): _____
- 9.2.1. Name of venue manager: _____
 - 9.3.1. Inside a building (\$200.00 – Holidays and Weekends: \$300.00 permit fee.)
 - 9.3.2. Outside a building (\$200.00 – Holidays and Weekends: \$300.00 permit fee.)

10. The use of pyrotechnic materials and/or devices will occur on:

Date: ____/____/____ beginning at (time) ____:____ am/pm and end at (time) ____:____ am/pm.

(Note: if the use of pyrotechnic materials or devices will occur on multiple dates and/or times, list all dates and times on a separate piece of paper and attach it to this application.)

11. A walk-through and representative demonstration of the pyrotechnics may be conducted. The walk-through and demonstration will be available to commence on (date) ____/____/____ at (time) ____:____ am/pm prior to the first rehearsal, production and/or performance at which pyrotechnics will be used, and will be completed with sufficient time allowed after the demonstration to reset/reload the pyrotechnics before the arrival of any audience.

12. Operators, Assistants and Pyrotechnic Specifications.

- 12.1. Name and age of the pyrotechnic operator (person actually in charge of firing the pyrotechnics):

12.2. List of any qualifications/credentials the operator may possess or is willing to offer:

12.3. The pyrotechnic experience of the operator can be evidenced by having fired (check one in each column):

Number of shows fired: During a period covering:

- | | |
|--|---|
| <input type="checkbox"/> 1 – 5 shows | <input type="checkbox"/> 1 – 6 months |
| <input type="checkbox"/> 6 - 10 shows | <input type="checkbox"/> 7 – 12 months |
| <input type="checkbox"/> 11 – 20 shows | <input type="checkbox"/> 13 – 24 months |
| <input type="checkbox"/> Over 20 shows | <input type="checkbox"/> Over 24 months |

12.3.1. With the latest firing having occurred at (print): _____

12.4. Name and ages of all assistants who will be present (attach additional pages as needed):

12.5. List the number and types of pyrotechnic devices or materials to be used (**Attach additional pages as needed**):

Name of Device or material: _____

Name of facility: _____ Date of firing: _____

Physical address of facility: _____

Name of venue manager(print): _____ Age: _____

Telephone number(s) of venue manager: _____

13. Additional Attachments (Check off as applicable).

The following items are to be provided as attachments to this application.

13.1. A diagram of the grounds or facilities where the production is to be held.

The diagram is to show:

13.1.1. the point at which the pyrotechnic devices are to be positioned and fired,

13.1.2. the fallout radius for each pyrotechnic device used in the performance, and

13.1.3. the lines behind which the audience will be restrained.

13.2. The point of on-site assembly of pyrotechnic devices.

13.3. A material safety data sheet (MSDS) for the pyrotechnic material(s) to be used and,

13.3.1. the name, address and phone number of the manufacturer, and

13.3.2. the manufacturer's statement regarding whether the pyrotechnic is intended for indoor use, and

Check this box if this item is not applicable to the circumstance.

13.3.3. whether it is to be used with any special considerations or cautions.

13.4. Certification that the set, scenery, rigging materials and material worn by performers are inherently flame-retardant or have been treated to achieve flame retardancy.

check this box if this item is not applicable to the circumstance.

13.5. Proof of a corporate surety bond or a public liability insurance policy in an amount acceptable to the sponsor noted on Line 9.1 and/or venue manager listed on Line 9.2.1.

14. Conditions and acknowledgement (Initials of applicant or "N/A" as applicable).

The applicant is required to review and in the space provided, initial the following requirements of the Borough Of Chambersburg Ordinance and applicable standards. By initialing each item, the applicant acknowledges their review and agreement to comply with the listed requirements. (If the item does not apply to the circumstance, the applicant is to write N/A in place of their initials.)

14.1. _____ when the use of indoor pyrotechnics requires air-handling systems to be disengaged, the applicant will make timely and proper notification to the fire department and a representative of the

building owner who'll be given the opportunity to be present for the firing of the pyrotechnic devices. The restoration of the building life safety systems shall be returned to normal operating conditions as soon as the likelihood of false alarms from the pyrotechnics has passed.

14.1.1. _____ Fire detection and life safety systems shall not be interrupted except when approved by the authority having jurisdiction, the owner or owner's agent, and **that an approved fire watch is present that is capable of operating all fire detection and life safety systems** installed within the building.

14.2. _____ Binary materials shall be pre-measured, packaged, and identified by the manufacturer for indoor use.

14.3. _____ two or more fire extinguishers of the proper size and classification shall be readily accessible while the pyrotechnics are being loaded, prepared for firing, or fired. In all cases, at least two pressurized water extinguishers shall be available.

14.4. _____ the pyrotechnic operator shall only use an electrical firing system. The firing system shall be designed to ensure against accidental firing by providing at least a two-step interlock process that requires the operator to intentionally enable or arm the firing system; and deliberately apply firing power.

14.5. _____ the power source used for firing pyrotechnic devices is restricted to batteries or isolated power supplies used for firing purposes only.

14.6. _____ all pyrotechnic device holders shall be constructed and secured so that they remain in a fixed position when the device is fired, and;

14.6.1. _____ Comets and mines shall be fired so that the trajectory of the pyrotechnic material is not carried over the audience.

14.6.2. _____ Waterfalls shall be placed for firing so that no flammable materials are within their fallout area.

14.6.3. _____ Airbursts shall be fired above the assembled audience only if (1) the airburst is suspended by a minimum 30-gauge metal wire firmly attached to a secure support; (2) the airbursts occurs at a minimum height of three [31 times the diameter of the effect; (3) there shall be no burning or glowing particles below the 15-foot level above the floor and proven during a demonstration.

14.6.4. _____ Each pyrotechnic device fired during a performance shall be (1) separated from the audience by at least 15 feet but not less than twice the fallout radius of the device, and (2) project no glowing or flaming particles within 10 feet of the audience, (3) that no part, projectile, or debris from the pyrotechnic material or device is propelled so that it damages overhead properties, overhead equipment, or the ceiling and walls of the performance area, and (4) where pyrotechnics are fired, the quantity of smoke developed shall be controlled to not obscure the visibility of exit signs or paths of egress; all of which may be proven during a demonstration.

14.6.5. _____ Concussion mortars, if used, shall be separated from the audience by a minimum of 25 feet and placed in a secured location that prevents the audience, performers and support personnel from gaining access to the secured location.

14.7. _____ Pyrotechnic devices shall be fired only when the area where the effect is to occur is in clear view of the operator.

15. By my signature below, I attest the above information is accurate and correct. I acknowledge and agree to comply with all applicable requirements of the Ordinances of the Borough of Chambersburg and its referenced standards governing the use, storage and firing of pyrotechnics before a proximate audience, even those not specifically expressed on this application.

I also acknowledge that if a permit is issued based upon this application, it shall only be valid within the building, facility and/or location listed on the application, and for the specific date(s) and time(s) for which it is issued,

If approved for permit issuance, I acknowledge that a copy of this application and all its attachments will be **available onsite during the dates and times noted on line #10** of the application and in accordance with NFPA 1126-01 Section 4.2.2, and constitute approval to proceed with the activities applied for. I further acknowledge and understand that any violations identified after permit issuance may result in immediate permit suspension or revocation if not corrected.

16. Signature of applicant (person listed on line 7): _____

Print Name: _____

17. Date: _____
